

# A SUDDEN CHANGE OF PACE

## Discover the all-electric E-200

The era of electric refrigerated transport is here, and the first to embrace it will be the ones who get the most out of it. Enter Thermo King's all-electric E-200. Fit for small to medium vehicles, it delivers the kind of benefits that propel you towards a brighter future. Comply with last-mile regulations. Move around the city freely and grow your business. Move forward, with the E-200.

In an age where rules and regulations only seem to slow you down, the all-new E-200 gives you the power to move forward with confidence.

### ALL-ELECTRIC SOLUTION

that doesn't drain your vehicle battery

### COMPATIBLE WITH DIESEL AND ELECTRIC TRUCKS

and with fuel-saving features like start/stop

### EFFORTLESS PLUG-AND-PLAY INSTALLATION

no drive kit, no road compressor

### CONSTANT CAPACITY AT ALL TIMES

independent of vehicle operation

### INTELLIGENT POWER MANAGEMENT

optimizing supply and demand of power

## SUPERCHARGE UNIT AUTONOMY WITH OPTIONAL BATTERY PACK

The E-200 holds his own without draining your vehicle battery, but for even more autonomy, you can always opt for an additional battery pack. Designed to benefit fully from the E-200's intelligent power management, these packs add that extra bit of mileage to optimize your route.

## BUILT-IN CONNECTIVITY KEEPS YOU IN THE DRIVER'S SEAT

Fitted with an optional TK BlueBox unit, the E-200 provides just the kind of control your business needs.

Monitor the state of loads and units across your entire fleet, clear alarms and check a unit's history all from one, central location. Tablet and smartphone compatibility means you can monitor your reefer unit anytime, anywhere.

Charge forward  
with the all-electric  
E-200

## Ready. Set. Go

A world of opportunities is within reach.  
Contact your Thermo King dealer to learn more  
about our next step in electric refrigeration.

Thermo King is a brand of Ingersoll Rand®. Ingersoll Rand (NYSE:IR) advances the quality of life by creating comfortable, sustainable and efficient environments. Our people and our family of brands — including Ingersoll Rand®, Thermo King®, Trane® and Club Car® — work together to enhance the quality and comfort of air in homes and buildings; transport and protect food and perishables; and increase industrial productivity and efficiency. We are a global business committed to a world of sustainable progress and enduring results.
